Engine	Engine Runs
Transmission/Drivetrain	Operational
Steering	Operational
Hydraulic System	Operational
Service/Parking brakes	Service and park brakes operational
NOTES/OPERATIONAL ISSUES	None
Length (Ft' In")	19'
Width (Ft' In")	13'
Height (Ft' Ins")	10'
Weight	Unavailable

IRON RIDGE CO.

Crawler/Dozer Specifications

Serial#/Data Plate Photo	 A photograph of a metal data plate from a Caterpillar machine. The plate is mounted on a yellow-painted metal surface. It contains the following information: PRODUCT IDENTIFICATION NUMBER: 81W00560; MODEL NUMBER: D6R; and the Caterpillar logo. There is also a small 'PARTS ORDER' label on the right side of the plate.	
End hour meter photo	 A close-up photograph of the end hour meter. The meter is a digital display showing the number 8246458. Above the display are four red indicator lights with symbols: a warning triangle, a gear, a water drop, and a 'P' in a circle. The meter is mounted on a dark, textured metal panel.	
Additional Photos	 A photograph showing a different view of the meter area. The digital display shows 8246444. Above the display are several red indicator lights, including a battery symbol, a warning triangle, a gear, and a 'P' in a circle. To the right of the meter, there are several control knobs and buttons, including one with a checkmark symbol.
